Introducing

MAXIM VISTA LIS

Executive Asst. to YOU!!!

(Laboratory Management Information System)

Are you an owner of your current Cloud Based LIS system? The answer is NOT. You only pay Rent and you Use it.

Do you get any **ownership** license registered on your Name? Do you own this software? Is those years of patient data belongs to you? Probability is almost None. It's difficult to digest this situation, but yes, this is current situation happening with you right now.

Introducing **Maxim VISTA LIS**, your ownership licensed LIS system which is simple to use and most powerful Cloud Based Lab Information System for PathLabs & Diagnostics Centre.

> Yes, you become the proud Owner of the Maxim VISTA LIS software. You pay **EMI**, you **Use** the software & you **Own** the Software License as well.
> Super Deal For YOU......

The Lab SW is yours. Once your cloud plan finishes, you have a choice to continue as a cloud-based system or transfer the same software license on your Local Server or as per your choice, no questions asked. You also get your data safely transferred to you.

Looks like very cool idea for you, then read on. ....

Maxim VISTA LIS offers you host of features which are not found in many Lab Softwares existing in the market today.

Great Maxim VISTA LIS Features

- Facility to **define rate list** for individual collection centre & collection Centre wise bill generation produced.

- Facility to define **Panic Values & Alerts.**

- Facility to define **Turnaround Time** (TAT) & report generation from the criteria which exceeds normal turnaround time. This is essential feature required for NABL Accreditation.

- Date wise Comparison sheet of test result of a patient. For ex. If you want to see blood glucose level of a patient on different dates. It will show in the **tabular form** as well as **graphical form**. All types of tests results can be compared and shown in graphical and tabular format.

- Facility to define, **sample type**, **vial type** and **procedure/method** of test performance as required for NABL Accreditation.

- Facility to define **Preformats** for Descriptive Test. Ex. Histopathology reports (Costed Extra)

- Separate **Histopathogy & Cytopathology** module which is speciality developed module for Histopathologist. You get **Histopath and Cytopath Case No** and can-do statistical analysis, define **Slide No.** with description and many important features. This is excellent module for Histopathology Practices. (Feature Costed Extra)

- Facility for sending tests outside, **Outsourcing lab** Module inbuilt.

- **Operate SW on Tablet/Smart Phone** for **Patient**: Patient can view their reports & able to send request for collection of samples.

- **Operate SW on Tablet/Smart Phone** for **Pathologist**: can able to authorise the test using android device.

- **Operate SW on Tablet/Smart Phone** for **Phlebotomist**: can receive sample collection notification.

- **Operate SW on Tablet/Smart Phone** for **Referred Doctor**– Can able to view/check report of their patients.

- **Audit trail**- This is essential feature required for NABL Accreditation.

- Supporting **Bidirectional/unidirectional interface** of any instrument.

- Can able to **Email report, SMS, WhatsApp** the values, parameters completely.

- All features are compliant to **NABL & HIPAA** regulations. You get NABL easily using Maxim LIS.

- Connectivity with **virtually any laboratory instrument**. Bidirectional & Unidirectional way via ASTM & HL7 protocol.

- Fastest **Implementation/Go live time**. We are ready for the deployment the moment order is placed.

- Connectivity with virtually any gadgets, ex. **SMS, RFID, Biometric, Barcode, Digital Signature Pen, Electronic Prescription Pad, Online Authentication tool, Voice Command, Smart Reports** etc.

- Facility of **Sample Collection /Report dispatch tracking system**, to find out the complete tracking of the person collecting the samples and dispatching it. This to minimise the delay and building efficient management.

- Printing of **Patient Membership Card.**

- Facility of **Pathology (LIS) and Radiology (RIS)** reporting from a single software.

- Facility of All types of **Test formats, Billing, Accounting, Inventory, MIS Dashboard,** available in a single software.

- Facility for taking backup of data, **Auto Backup** facility is provided.

- Facility of connecting **Multi branching, Multi collection** centre network.

- Facility of easy **Data Retrieval**. Stores multiple years of data and bring them instantly on a touch of a button.

- Facility of easily configuration of tests formats. **Minimal time to go live**. Most of lab test formats are readily available with normal values are already fed in and ready to use SW. We update newer formats periodically.

- ➢ **Test formats, Normal values** can be changed instantly by user. No hardcoded reports. Modify formats as per your choice.

- ➢ **Search** report instantly on multiple parameters. By Name, Registration no, Mobile no, Date range, Test etc.

- ➢ **Maintain patient database**. Bring already patient information which is available without typing again.

- ➢ Facility to **send reminders**, special occasions Emails, SMS, WhatsApp to patient easily.

- ➢ Facility to capture **Patient Photo/Upload photo**.

- ➢ Facility to **upload any Graph/Image/report** with Test report. Ex. Consent form uploading facility.

- ➢ Your data is encrypted using AES256 encryption standards. (Check online about AES256 encryption compliances.)

In a nutshell, this list will be simply endless, and there are many more advantages with MAXIM VISTA LIS software which you will be able to explore soon.

Currently, you don't settle for less. Signup for MAXIM VISTA Lab information system today! *Energize your Lab / Diagnostics (Pathology/Radiology) centre ASAP!*
